Nedal Altiti

Data Science | MLOps | Automation

Amman, Jordan

Summary

Driven by a deep interest in Machine Learning, I focus on building scalable solutions that seamlessly integrate into the entire ML pipeline. I take pride in not just deploying models but ensuring they continue to perform and add value in real-world environments. With a commitment to MLOps best practices, I work to create systems that are efficient, reliable, and easily reproducible, all while aligning with the bigger picture and contributing to the success of the organization.

Experience

Clarity Debt Resolution Inc

11 months

Senior Data Scientist

December 2024 - Present (1 month)
